MAHARASHTRA COSMOPOLITAN EDUCATION SOCIETY (M.C.E. SOCIETY), PUNE (SPONSORING BODY)

INTRODUCTION

Maharashtra Cosmopolitan Education Society (M.C.E. Society), Pune was founded in 1948 by Late Mr. Abdul Kadir Khan and others with the goal of providing education to the economically, educationally, and socially disadvantaged segments of society. It is a registered educational society under the Society Registration Act of 1860, as well as a public trust under the Bombay Public Trust Act of 1950. It is also registered under Section 12(a) of the Income Tax Act of 1961 and exempted under Section 80 G of the same Act by the Income Tax Commissioner, Pune.

M.C.E. Society is one of the oldest Muslim Minority educational institutions in India. It has grown from a humble beginning of **four schools** into an excellent educational complex in the fields of Arts, Science, Commerce, Computer Science, Law, Education, Pharmacy, Management Sciences, Architecture, Dental Sciences, Hospitality Studies, and Information Technology.

M.C.E. society's campus known as **Azam Campus** is centrally located in the heart of cantonment area, near M. G. Road, Pune city. Founded 75 years ago, M.C.E Society continues to provide education to the economically, educationally and socially disadvantaged sections of society under the dynamic leadership of President Dr. P. A. Inamdar and Vice-President, Mrs. Abeda P. Inamdar.

Today, the serene and green 24-acre campus is home to 42 institutes and over 30000 students. It's progress and development have been duly lauded and recognized by the Government of India and recently awarded the first **"Maulana Abul Kalam Azad Literacy Award" constituted by Maulana Azad Education Foundation, Ministry of Social Justice and Empowerment, Government of India for being one of the best Minority Educational Campus in India.**

The Allana College of Pharmacy, Allana College of Architecture and Allana Institute of Management Sciences were established by M.C.E. Society with the magnanimous and philanthropic contribution received from Late Mr. Abdul Razzak Allana and Late Mr. Hussain Allana in the memory of their parents, Late Haji Joosbbhoy Allana and Late Mrs. Amubai Allana with the sole objective of providing quality professional education. M.C.E. Society's M.A.Rangoonwala College of Dental Sciences and Research Center, M.A.Rangoonwala College of Physiotherapy, and V.M.Gany sports complex are dedicated to the cherished memory of Mr. Mohammed Ali Rangoonwala, a philanthropist and a renowned Social worker.

M.C.E. Society is the sponsoring body which has sponsored and established Dr. P. A. Inamdar University , Pune.

The campus motto has always been to be student-centric and to provide the best facilities for their wholistic development.

Dr. P. A. INAMDAR UNIVERSITY (Dr. PAIU) PUNE, MAHARASHTRA, INDIA.

Dr. P. A. Inamdar University, Pune is a private self-financed university located at Azam Campus, Pune, Maharashtra, India. The University has been established under Act 2022 (Mah. Act No XXXVII of 2022 dated 13 th May 2022) under the aegis of Maharashtra Cosmopolitan Education Society (M.C.E. Society) Pune and has commenced its operations in September 2022.

Dr. P. A. Inamdar University, Pune began its functioning with five Constituent colleges i.e., HGM Azam College of Education, Allana College of Pharmacy, Allana Institute of Management Sciences, Allana College of Architecture, Allana Institute of Information Technology.

All the five Constituent Colleges of **Dr. P. A. Inamdar University, Pune** are very well known and widely acclaimed in the field of Education, Pharmacy, Management, Architecture, and Information Technology. The Constituent colleges are duly accredited by NBA/NAAC and have been affiliated to Savitribai Phule Pune University(SPPU), Pune

All our Teaching Faculty are appointed on merit and are highly qualified and experienced. Over the years, the Azam Campus has drawn students from all over India, the Middle East, Africa, Afghanistan, and other Asian nations, particularly for Professional Courses in Pharmacy, Management, Architecture, and Education. Value added courses and skill enhancement trainings are provided to students in order to build their overall personality.

The scenic beauty of the campus, the infrastructure with beautiful buildings, well-laid internal roads, well-equipped labs, smart classrooms and digital libraries with over 1000 computers all contribute to an excellent study environment for students.

The campus has Wi-Fi internet access with a speed of 2GBPS, state-of-the-art libraries with an excellent selection of books and journals.

Hostels

The outstation students are provided accommodation in eleven hostels. Almost 1200 Girls are housed in separate hostels within the campus and more than 750 Boys are accommodated in Boys hostels located within very close proximity to the campus. Both the Boys and Girls hostels have round the clock Security with CCTV Cameras and clean and well-maintained spacious buildings.

Canteen Facilities

There are four canteens with convenient proximity and cater to meet all of the requirements of the students.

Medical Facilities

Multispeciality Hospital, Physiotherapy and Dental Hospitals are located on the Campus, and all students, employees, and members of the public may use their services. Additionally, there are First aid medical facilities and a medical supply shop, Ambulance service available round the clock.

Sports Facilities

The V. M. Gany Sports Complex and Pavilion, which was built in compliance with national standards, is a reputable playing field specifically for hosting **Ranji Trophy cricket tournaments and other local, state, national, and international sporting events and competitions**. The students make the most of these resources, and coaching is offered to deserving students who have demonstrated excellence by competing in and succeeding in events at the state, national, and international levels and bringing honour to their institutions.

The sports facilities include six acres of well-maintained sports grounds. The lush green cricket field, which has eight well-kept turf pitches, a 400-meter track for running, six practise nets, a pavilion with changing facilities, a standard football pitch and a standard basketball court, is the pride of Azam Campus.

Co-curricular and Extra Curricular activities

The students are inspired to take part in various competitions at the State, National and International levels and display their talents.

Training and Placements

Need based training in the form of Career Planning, Group Discussion, Interview Techniques and Campus Placements are organised periodically, by the respective Colleges/ Institutes.

Skill Development

Ability enhancement and value-added courses for skill development, including soft skills, innovative skills, IT skills, and entrepreneurship skills, are offered in the constituent colleges of DrPAIU.

Along with extracurricular activities, the University intends to promote collaborative projects to nurture interdisciplinary approach, innovations, originality, creativity, and novelty. In the last five years, the faculty members of the constituent colleges of **Dr. P. A. Inamdar University, Pune** have published more than 2000 research papers in the International and National journals of repute. In the last five years the constituent colleges of **Dr. P. A. Inamdar University, Pune** have published nine Indian patents and one patent is granted. The staff and the academicians associated with the University are committed not only to imparting knowledge, but also augment the proficiency in the various fields.

Dr. P. A. Inamdar University, Pune is driven by the vision to benefit the society through the transformative impact of education and research. The University strives hard to make its own impact by offering education that stimulates, challenges and fulfils our students, leading to meaningful careers and skills that can make profound contributions to society and to ensure that they become responsible citizens who will regard and respect the humanity at large.

VISION

To have a transformative impact on society by promoting student-centered development, continuous innovation and creativity in education, and entrepreneurship and institutional social responsibility.

MISSION

- To cater to the educational need of the students of all communities in general and Muslim Minorities in particular.
 - To provide value-based education thereby creating human assets that will contribute to nation building.
 - To foster scientific attitude and innovative culture in its institutions.
 - To include and expand newer academic streams in its institutions and provide world class infrastructure for learning, research and application of knowledge.
 - To inculcate and enrich values of integrity, hard work and humanity among staff and students.
-

OBJECTIVES

- To appreciate diversity in culture and religion, as well as to promote tolerance, social harmony and compassion.
- To promote academic independence, openness, honesty and integrity while fostering excellence in co-curricular, extracurricular, and curricular activities.
- To empower teachers and students by the creative and appropriate use of technology.
- To provide students with a high-quality, value-based education and to impart the core skills and information required for a firm understanding of the career they have chosen.
- To create, put into place and oversee strategies for improving the quality of administrative and academic performances.

Chancellor's Message

It gives me immense pleasure to introduce **Dr. P. A. Inamdar University, Pune, Maharashtra** which is an holy place of learning, innovation and research with a futuristic vision.

The University is offering a conducive learning environment with committed teaching faculty and state-of-the-art-infrastructure. Here at Dr. P. A. Inamdar University, Pune, We believe in the holistic development of needy students, harnessing the young innovative minds and making them responsible citizens of the country.

Besides academic pursuits, the University offers a wide range of social, cultural and recreational activities for needy students with priority to girls and I hope you will take a little time from your studies to enjoy some of those benefits.

I wish you every success and hope that you will see this University as a place for your development into an empathic, compassionate and knowledgeable centre and care provider.

All the very best..... God bless you all !

A handwritten signature in black ink, appearing to read 'Dr. P. A. Inamdar'.

Dr. P. A. Inamdar

President - Chancellor

From Vice Chancellor's Desk

Greetings from Dr. P. A. Inamdar University, Pune, Maharashtra.

It is our firm belief that education is essential for success in life, whether on the personal or the professional front. While ensuring the presence of knowledge to harness opportunities for growth and development, it presents itself as a powerful tool that has transformed lives and enhanced social consciousness.

To these ends, education here at Pune's leading self-financed university presents three great value propositions **quality and opportunity leading to an extraordinary destiny**. What brings these about is our state-of-art infrastructure conducive to holistic learning and progress, and a team of highly motivated, trained and experienced individuals, some being gold medalists, university toppers and rank holders in their fields.

Our aim and objective is to educate students in contemporary and futuristic streams that empowers them to be worthy of their chosen stream, means and methods, electronic or otherwise so that our students evolve to be the best.

While training our students to compete with passion and compassion, we teach them values of integrity, hard work, humanity and humility, making them responsible citizens who contribute positively to society. Our student-centric pedagogy includes experiential, outcome-based learning, gamification, and a range of co-curricular and extra-curricular that add to academic excellence.

I heartily welcome you to Dr. P. A. Inamdar University, Pune, to discover your true self, goodness and unleash your potential.

A handwritten signature in black ink that reads "m. d. lawrence".

Dr. M. D. Lawrence
Vice Chancellor

Career Opportunities

The Pharmacy sector has a significant impact on the supply and development of newly licensed pharmaceuticals, treatments, and experimental analogs. Pharmacy professionals are also involved in medication discovery, manufacturing, quality control, and modification. Because of the critical role that the pharmaceutical industry plays in healthcare, pharmacy career is highly lucrative and in high demand.

A person with a pharmacy degree can pursue a **variety of job opportunities**.

- Drug Inspectors
- Business owners
- Pharmaceutical Scientists
- Quality Control Managers
- Medical writers
- Teaching Profession
- Sales and Marketing

Pharmacy is a promising career path, especially in the aftermath of the Pandemic crisis.

It ensures a prosperous future if obtained from a reputable Institution.

Once you've completed your Bachelor's degree, consider pursuing a Master's degree in Pharmacy, which not only adds to your qualifications but also expands your future scope and career opportunities.

When it comes to a degree in Pharmacy, various specialisations focus on specific subjects, allowing candidates to work in the field of their choice.

Faculty of Architecture and Design

About the College

Allana College of Architecture was established in 1999. Approved by the Council of Architecture, New Delhi and All India Council of Technical Education, New Delhi and recognised by the Government of Maharashtra.

NAAC accredited with B++ Grade, with the highest NAAC Score for an Architecture College in Pune. It offers an undergraduate (B.Arch.) course, with an intake of 40 & M.Arch with an intake of 20. The institute aims for academic excellence and at the same time holds professional preparedness as its key objective. Competent staff, requisite infrastructure and a disciplined methodology have made it one of the credible centres of learning. It has performed consistently in the university examinations and competitive spheres.

Architectural Education at ACOA has been created as a treasured legacy crafted by Professor Emeritus R. T. Ghogale, which has been continued and refined by Principal Prof. Lina Debnath. Its cornerstones are principles of transparency, communication, impressiveness and diligence while imparting quality education and meaningful academics. Teaching at ACOA has been enriched by multi-disciplinary studios and projects, with an active participation by its strong Core Teachers and number of Industry Experts. Theory Lessons and Studio frameworks are robust enough to deliver knowledge and results along with being flexible enough to address every student individually. This ecosystem aspires to encourage and nurture the students as well as the teachers.

CAREER OPPORTUNITIES

Career after Architecture (B.Arch)

- After graduation and registration with COA, an Architect can start his own practice or an architectural consultancy firm involving designing and execution of different types of building construction, interior and landscape projects.
- After completion of the five-year Architecture degree course, the students are made suitable enough to support any good architectural office and work in association with the firm, under the guidance of the Principal Architect. This can help him gather certain skills, experience, and exposure before he chooses to start his own practice.
- After B.Arch., students can proceed to a Master of Architecture program in various specializations and allied fields OR other higher studies in India or other countries. The students may opt for M.Arch. program offered by the University.
- After gaining the requisite experience, the Architect can join an architecture or interior design institute to teach and contribute to architectural education.

Career after Architecture (M.Arch)

- After post-graduation, an Architect can start his own practice in the studied Master's specialization along with his architectural consultancy firm involving designing and execution of different types and scales of projects.
- After completion of the two-year M.Arch. degree course, the students are made sound enough to support any good architectural / development / government office and work in association with the firm as an expert in the field. This can help him gather certain skills, experience and exposure before he chooses to start his own practice.
- After M.Arch., students can proceed to a Research program or PhD in Architecture in India or any part of the world.
- After gaining the requisite experience, the M.Arch. degree holder can join an architecture institute to teach, to contribute to architectural education and develop a career in academics.

Faculty of Computer Application and IT

About the College

Faculty of Computer Application and Information Technology has been in existence since 2000 and offers 2 years fulltime Master of Computer Application (MCA) program, PhD. Research Center in Information Technology.

The program is approved by AICTE, New Delhi, Recognized by the Govt. of Maharashtra Mumbai.

Since its establishment, the Faculty of Computer Application & IT has worked towards achieving excellence in education. The students are trained in core domain areas in computing as well as programming languages. The aim is to provide our students with lifelong learning and leadership skills that enable them to grow in their professions and advance to positions of responsibility by effective industry - institute interaction.

This program emphasizes practical hands-on training, industry-institute interaction, research, consultancy and placement activities. The faculty organises various extra-curricular activities to enhance the skills and knowledge of the students.
